The objective theory of contracts supersedes the previous standard, known as the subjective theory of contracts or "meeting of the minds," that was commonly applied throughout the early 1800s. Thus, the main determinant in the validity of a contract is the acts, or external performances of the parties, not the internal state of mind, or ...

Objective. In A Theory of Justice, Rawls argues for a principled reconciliation of liberty and equality that is meant to apply to the basic structure of a well-ordered society. Central to this effort is an account of the circumstances of justice, inspired by David Hume, and a fair choice situation for parties facing such circumstances, similar to some of Immanuel Kant's views.

A Theory of Justice - Wikipedia

Objective Theory of Contract. A principle in U.S. law that the existence of a contract is determined by the legal significance of the external acts of a party to a purported agreement, rather than by the actual intent of the parties.
