Don't Look Back In Anger

The rise and fall of Cool Britannia,

told by those who were there
Hachette UK

The nineties was the decade when British culture reclaimed its position at the artistic centre of the world. Not since the 'Swinging Sixties' had art, comedy, fashion, film, football, literature and music interwoven into a blooming of national self-confidence. It was the decade of Lad Culture and Girl Power; of Blur vs Oasis. When fashion runways shone with British talent, Young British Artists became household names, football was 'coming home' and British film went worldwide. From Old Labour's defeat in 1992 through to New Labour's historic landslide in 1997, Don't Look Back In Anger chronicles the Cool Britannia age when the country united through a resurgence of patriotism and a

celebration of all things British. But it was also an era of false promises and misplaced trust, when the weight of substance was based on the airlessness of branding, spin and the first stirrings of celebrity culture. A decade that started with hope then ended with the death of the 'people's princess' and 9/11 - an event that redefined a new world order. Through sixty-eight voices that epitomise the decade - including Tony Blair, John Major, Noel Gallagher, Damon Albarn, Tracey Emin, Keith Allen, Meera Syal, David Baddiel, Irvine Welsh and Steve Coogan - we re-live the epic highs and crashing lows of one of the most eventful periods in British history. Today, in an age where identity dominates the national agenda, Don't Look Back In Anger is a necessary and compelling

historical document.

Inspector Morse—a gifted detective and troubled man."—*Boston Globe* At the foot of the imposing Kollen Mountain lies a small, idyllic village, where neighbors know neighbors and children play happily in the streets. But when the body of a teenage girl is found by the lake at the mountaintop, the town's tranquility is shattered forever. Annie was strong, intelligent, and loved by everyone. What went so terribly wrong? Doggedly, yet subtly, Inspector Sejer uncovers layer upon layer of distrust and lies beneath the town's seemingly perfect façade. Don't Look Back *Bantam*

In this most entrancing tale of mystery and romance by the New York Times bestselling author AMANDA QUICK, lovers and partners-in-crime investigators Lavinia Lake and Tobias March continue their exciting newfound relationship, with its delicious mix of risky business, rising passion, and now--murder. As if a head for business and a nose for trouble aren't enough to distinguish fiercely independent Lavinia Lake from the other women of London's fashionable Claremont Lane, there is one more feature to set her apart. Lavinia is also well versed in the practice of mesmerism, an extraordinary gift that far surpasses mere charm and physical appeal. Nobody knows this better than the usually coolheaded Tobias March, who seems to have fallen hopelessly

under her spell. Fortunately for all, however, Lavinia uses her powers for good. And ever since a tragedy involving one of her subjects, she has even retired them in favor of her work with Lake and March, a joint venture providing "discreet private inquiries for individuals of quality." Celeste Hudson, the stunningly beautiful young wife of a family friend and fellow mesmerist, would surely count herself among such individuals--were she still alive, that is. While mythology's Medusa could turn men to stone, lovely Celeste was more accustomed to turning them to jelly. In fact, unbeknownst to her husband, Howard, the ambitious Celeste was planning to use her talents to forge a new future in Society--one that would not include him. Sadly, her plans were

cut short when she was murdered. Only a gentleman's cravat wound around her lovely neck remained for evidence--small compensation for the strange and priceless bracelet that may have been snatched from her wrist as she drew her last breath. As a result, Lake and March are soon in Howard Hudson's employ on the trail of the killer. But Tobias is convinced the dashing widower is more interested in tracking down the missing relic. If so, Howard is not alone. Any number of ruthless types are after the very same antiquity, whose centerpiece is an unusual blue cameo of inestimable value and supposed legendary powers--powers of immeasurable worth to anyone in Howard's line of work. Together, Lake and March undertake a tantalizing investigation that leads them

from the glittering ballrooms of the ton to London's seediest taverns to a mesmerist whose therapies include treating ladies suffering from "hysteria" is a most unconventional method--and, not least of all, to the darkest reaches of men's psyches. Along the way, *Don't Look Back* becomes a completely mesmerizing read as the irrepressible Lavinia and Tobias mix business with pleasure....

Look Back in Anger *Faber & Faber*

In 1956 John Osborne's Look Back in Anger changed the course of English theatre. 'Look Back in Anger presents post-war youth as it really is. To have done this at all would be a significant achievement; to have done it in a first play is a minor miracle. All the qualities are there, qualities one had despaired of ever seeing on stage - the drift towards anarchy, the instinctive leftishness, the automatic rejection of "official" attitudes, the surrealist sense of humour . . . the casual promiscuity, the sense of lacking a crusade worth fighting for and, underlying all these, the determination that no one who dies shall go unmourned.' Kenneth Tynan, Observer, 13 May 1956 'Look Back in Anger . . . has its inarguable importance as the beginning of a revolution in the British

theatre, and as the central and most immediately influential expression of the mood of its time, the mood of the "angry young man".' John Russell Taylor

A Memoir of War, Survival, and My Journey from Sudan to America

Farrar, Straus and Giroux (BYR)

I want life. After a deadly attack in South Sudan left six-year-old Achut Deng without a family, she lived in refugee camps for ten years, until a refugee relocation program gave her the opportunity to move to the United States. When asked why she should be given a chance to leave the camp, Achut simply told the interviewer: I want life. But the chance at starting a new life in a new country came with a different set of challenges. Some of them equally

deadly. Taught by the strong women in her life not to look back, Achut kept moving forward, overcoming one obstacle after another, facing each day with hope and faith in her future. Yet, just as Achut began to think of the US as her home, a tie to her old life resurfaced, and for the first time, she had no choice but to remember her past. In this powerful, and propulsive memoir, Achut Deng and Keely Hutton tell a harrowing and inspiring story showing both the ugliness and the beauty of humanity, and the power of not giving up.

Don't Look Back

A Haunting Mystery Perfect for the Long, Dark Nights

Adam's eyes swelled in horror at the sight that confronted him. Henry was standing with his back against the front door, pale and rigid, his left hand pressed to his neck. Blood was seeping between his fingers, running down his wrist and dripping from his elbow onto the back of Jacob's head. Jacob was facedown on the tiled floor, arms outstretched to either side with blood

pooling around his wrists. There was a faintly metallic butcher's shop smell in the air... After the tragic death of their eleven-year-old son, Adam and Ella are fighting to keep their family from falling apart. Then comes an opportunity that seems too good to be true. They win a competition to live for free in a breathtakingly beautiful mansion on the Cornish Lizard Peninsula. There's just one catch - the house is supposedly haunted. Mystery has always swirled around Fenton House. In 1920 the house's original owner, reclusive industrialist Walter Lewarne, hanged himself from its highest turret. In 1996, the then inhabitants, George Trehearne, his wife Sofia and their young daughter Heloise disappeared without a trace. Neither mystery was ever solved. Adam

is not the type to believe in ghosts. As far as he's concerned, ghosts are simply memories. Everywhere he looks in their cramped London home he sees his dead son. Despite misgivings, the chance to start afresh is too tempting to pass up. Adam, Ella and their surviving son Henry move into Fenton House. At first, the change of scenery gives them all a new lease of life. But as the house starts to reveal its secrets, they come to suspect that they may not be alone after all... What readers are saying about Ben Cheetham's books 'I love love loved this book! Had me gripped right from the start and just had to keep reading it!' 'A dark and twisting narrative that will keep you turning the pages. Ben Cheetham's characters, though sometimes tainted or, indeed, pure evil, are completely

believable.' 'The only trouble with this book is that sleep and work got in the way.' 'I loved this book and continue to think about the characters after I finished.' 'Brilliantly written and had me totally captivated. Didn't want to stop reading as I felt myself getting pulled into the drama and wanting to find out what happened next.' 'Wow! I loved this book. The suspense kept me on the edge of my chair!'

Above All, Don't Look Back

This novel follows the path of a young woman, Amina, as she makes her way through a city, a life, and a sense of self that have been ravaged by an earthquake. Inspired by an earthquake in northern Algeria in 2003, the author interweaves descriptions of the

Revolution in the Head

The Beatles' Records and the Sixties *Random House*

As dazzling as the decade they dominated, The Beatles almost single-handedly created pop music as we know it. Today, their songs are cited as seminal influences by stars like Oasis, Blur and Kula Shaker. Eloquently giving voice to their time, The Beatles quite simply changed the world. Fully updated to include material from The Beatles Live at the BBC and the Anthology series, this

acclaimed book goes back to the heart of The Beatles - their records. Drawing on a unique resource of knowledge and experience to 'read' their 241 tracks - chronologically from their first amateur efforts in 1957 to 'Real Love', their final 'reunion' recording in 1995 - Ian MacDonald has created an engrossing classic of popular criticism in which the extraordinary songs of The Beatles remain a central and continually surprising presence.

Elsewhen Press

"A real scientist writing science-fiction with real science - what more could one ask? John Gribbin is a visionary, and one heck of a good storyteller." Robert J. Sawyer Hugo Award-winning author of

QUANTUM NIGHT John Gribbin, widely regarded as one of the best science writers of the 20th century, has also, unsurprisingly, been writing science fiction for many years. While his novels are well-known, his short stories are perhaps less so. He has also written under pseudonyms. Here, for the first time, is the definitive collection of John's short stories. Many were originally published in Analog and other magazines. Some were the seeds of subsequent novels. As well as 23 Science Fiction short stories, three of which John wrote with his son Ben, this collection includes two Science fact essays on subjects beloved of science fiction authors and readers. In one essay, John provides scientifically accurate DIY instructions for creating a

time machine; and in the other, he argues that the Moon is, in fact, a Babel Fish! The stories, many written at a time when issues such as climate change were taken less seriously, now seem very relevant again in an age of dubious politicians. What underpins all of them, of course, is a grounding in solid science. But they are also laced with a dry and subtle wit, which will not come as a surprise to anyone who has ever met John at a science fiction convention or elsewhere. He is, however, not averse to a good pun, as evidenced by a song he co-wrote for the Bonzo Dog Doo Dah Band: The Holey Cheeses of Nazareth. Despite the exhortation of this collection's title, this is a perfect opportunity to look back at John's short stories. If you've never read any of his

fiction before, now you have the chance to acquaint yourself with a body of work that, while being very much of its time, is certainly not in any way out of date.

Agnes can no longer avoid her destiny. Because the killings have begun again and she's the only one who can stop them. The 343 FDNY Firefighters Killed on 9-11 and the Fight for the Truth *Post Hill Press*

The mother of a FDNY firefighter killed on 9/11 teams up with a crusading journalist to fight City Hall and uncover the truth about why over 300 firefighters perished during the World Trade Center attack. *Don't Look Back* is a thriller that takes readers into the hearts and minds of a FDNY family who lost their son during 9/11, and set out on a mission to find out what really happened to him and the other 342 firefighters who perished needlessly. Sarah Murphy, a

savvy community organizer from the Bronx, teams up with a local investigative reporter and other 9/11 families as they take on City Hall to unearth the failures at the FDNY. In this fast-paced novel by former Daily News investigative reporter, Joe Calderone, the families risk everything to expose a corruption scandal that put faulty radios in the hands of the FDNY, leading to the worst loss of life in the history of the department. This compelling story, based on true events, takes a different perspective on a worldwide event and gives voice to the 343 members of the FDNY who perished, largely unaware that the buildings were about to come down upon them. Advance Praise for Don't Look Back "A crisply written page-turner, 'Don't Look Back' is a story of

tragedy, tenacity, and the continued importance of a free press. From the terror of the final moments inside the World Trade Center towers, to the incompetence that doomed hundreds of city firefighters, to the principled mutiny inside a major newspaper to get that story out, the story never lets up. Calderone writes with moving affection and respect for the blue-collar men and women who do the hard work in our democracy, who fight to preserve it, and who sometimes pay for that struggle with their lives." —Mark Bowden, author, *Black Hawk Down* "Joe Calderone, one of the city's great reporters, uses those skills in a brilliantly suspenseful novel about 9/11, the city's worst tragedy, and the first responders who lost their lives that day and their families' search for

the truth.” —Nick Pileggi, author Wiseguy and its screenplay, Goodfellas “Joe Calderone is a former NY Daily News investigative reporter who knows his stuff when it comes to the FDNY and he has crafted a novel that helps shine a light on the incredible challenges and sacrifices firefighters made on 9/11, including the 343 members of the FDNY we lost that day under the most tragic of circumstances. There were communication failures on 9/11 that no doubt contributed to the loss of life and this novel will help remind us to not repeat those mistakes ever again. Calderone has done the FDNY a service.” —Michael Regan, former First Deputy Commissioner, FDNY “This is a novel about the most painful day in New York City history and its aftermath, as

reporters and investigators struggled to uncover the official blunders of Rudy Giuliani's City Hall that made a tragic day worse. Joe Calderone uses all his tools as one of New York's best investigative reporters, as well as a panoramic knowledge of the city, to offer a vivid tale of people in search of a difficult truth.” —Tom Robbins, Pulitzer Prize finalist and Investigative Journalist In Residence at the Craig Newmark Graduate School of Journalism at CUNY

Don't Look Back in Anger

The Manchester City Fan's Story

From being the butt of jokes to domestic treble winners, Manchester City fans have endured more ups and downs than most football supporters over the past 30 years as they journeyed down the divisions before bouncing back in spectacular style under a new owner with unlimited wealth. Yet throughout this long rollercoaster journey City fans stayed loyal to their club -- averaging over 25,000 most seasons when other large clubs have seen attendances slump well below that in bleak times. Don Price follows up his naval memoirs and last year's 'We Never Win at Home...' with a final collection of memories from his travels with City

alongside fanzine editors Dave Wallace, Phill Gatenby and Sean Riley, a City fan who has missed just one game in 35 years and that through no fault of his own! What emerges is a support still in disbelief that after years of their team being the punchline for jokes by their neighbours and rivals they now hold the upper hand and rule the roost in English football.

He also became famous for the advice he freely offered others, including the now legendary "Don't look back, something might be gaining on you." Mark Ribowsky gives the best picture yet of life in the Negro Leagues as he brings to life a man whose act as a lovable eccentric with a golden arm masked a decidedly darker side as womanizer, hard drinker, and contract jumper always on the lookout for number one.
