 The guy ahead in full leathers is knee
 down on another Multistrada and I'm
 inching forward bit by bit. Got to do
 better than that. It's time for the chunky

The Ducati Multistrada is a sort of do-it-all Sporting twin too, but conceptually it's something else and looks more like a political refugee from the swinging sixties. It is boldly minimalist, it is painted a blaring, communist-party red, it is sexily slim and there's a true air-cooled motor sitting down there, just like they used to make `em.

Ducati multistrada 1000 ds Motorcycle for Sale in ...

The Multistrada shocked the world at the 2001 Milan show and then went on sale in 2003. The first year bike had some teething problems. The side-stand was too short allowing the bike to topple over quicker than a toddler, the seat was nothing more than a piece of plywood covered with vinyl and delicate mirrors broke easily and were placed far too close together to see anything more than your own shoulders.
