Format: Kindle Edition Verified Purchase I like the Arisen series but not really sure why. The magical ability of the core characters to prevail in literally impossible situations is a bit wearisome but overall the quality of the writing and attention to both mechanical and a bit of emotional detail is good.

I also appreciate the many omnibus editions of the works of rather antique authors, Kindle is full of them and they are very inexpensive, lots of good reading for ninety-nice cents or so. And then, of course, I am not loathe to purchase the occasional full price Kindle edition of a book that I wish to read.
