### Way of the Turtle: The Secret Methods that Turned Ordinary People into Legendary Traders

**The Secret Methods that Turned Ordinary People into Legendary Traders** *McGraw Hill Professional*

"We're going to raise traders just like they raise turtles in Singapore." So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. Way of the Turtle reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the "Turtles." Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time-the youngest Turtle by far-Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover How the Turtles made money-the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades-and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.

**Yertle the Turtle and Other Stories** *RH Childrens Books*

Dr. Seuss presents three modern fables in the rhyming favorite Yertle the Turtle and Other Stories. The collection features tales about greed ("Yertle the Turtle"), vanity ("Gertrude McFuzz"), and pride ("The Big Brag"). In no other book does a small burp have such political importance! Yet again, Dr. Seuss proves that he and classic picture books go hand in hand.

### Voyage of the Turtle

**In Pursuit of the Earth's Last Dinosaur** *Henry Holt and Company*

The story of an ancient sea turtle and what its survival says about our future, from the award-winning writer and naturalist Though nature is indifferent to the struggles of her creatures, the human effect on them is often premeditated. The distressing decline of sea turtles in Pacific waters and their surprising recovery in the Atlantic illuminate what can go both wrong and right from our interventions, and teach us the lessons that can be applied to restore health to the world's oceans and its creatures. As Voyage of the Turtle, Carl Safina's compelling natural history adventure makes

clear, the fate of the astonishing leatherback turtle, whose ancestry can be traced back 125 million years, is in our hands. Writing with verve and color, Safina describes how he and his colleagues track giant pelagic turtles across the world's oceans and onto remote beaches of every continent. As scientists apply lessons learned in the Atlantic and Caribbean to other endangered seas, Safina follows leatherback migrations, including a thrilling journey from Monterey, California, to nesting grounds on the most remote beaches of Papua, New Guinea. The only surviving species of its genus, family, and suborder, the leatherback is an evolutionary marvel: a "reptile" that behaves like a warm-blooded dinosaur, an ocean animal able to withstand colder water than most fishes and dive deeper than any whale. In his peerless prose, Safina captures the delicate interaction between these gentle giants and the humans who are finally playing a significant role in their survival. "Magnificent . . . A joyful, hopeful book. Safina gives us ample reasons to be enthralled by this astonishing ancient animal—and ample reasons to care." -- The Los Angeles Times

The Complete TurtleTrader

How 23 Novice Investors Became Overnight Millionaires *Harper Collins*

This is the true story behind Wall Street legend Richard Dennis, his disciples, the Turtles, and the trading techniques that made them millionaires. What happens when ordinary people are taught a system to make extraordinary money? Richard Dennis made a fortune on Wall Street by investing according to a few simple rules. Convinced that great trading was a skill that could be taught to anyone, he made a bet with his partner and ran a classified ad in the Wall Street Journal looking for novices to train. His recruits, later known as the Turtles, had anything but traditional Wall Street backgrounds; they included a professional blackjack player, a pianist, and a fantasy game designer. For two weeks, Dennis taught them his investment rules and philosophy, and set them loose to start trading, each with a million dollars of his money. By the time the experiment ended, Dennis had made a hundred million dollars from his Turtles and created one killer Wall Street legend. In The Complete Turtle Trader, Michael W. Covell, bestselling author of Trend Following and managing editor of TurtleTrader.com, the leading website on the Turtles, tells their riveting story with the first ever on the record interviews with individual Turtles. He describes how Dennis interviewed and selected his students, details their education and experiences while working for him, and breaks down the Turtle system and rules in full. He reveals how they made astounding fortunes, and follows their lives from the original experiment to the present day. Some have grown even wealthier than ever, and include some of today's top hedge fund managers. Equally important are those who passed along their approach to a second generation of Turtles, proving that the Turtles' system truly is reproducible, and that anyone with the discipline and the desire to succeed can do as well as—or even better than—Wall Street's top hedge fund wizards. In an era full of slapdash investing advice and promises of hot stock tips for "the next big thing," as popularized by pundits like Jim Cramer of Mad Money, the easy-to-follow objective rules of the TurtleTrader stand out as a sound guide for truly making the most out of your money. These rules worked—and still work today—for the Turtles, and any other investor with the desire and commitment to learn from one of the greatest investing stories of all time.

Where Should Turtle Be? *Arbordale Publishing*

Little turtle was lost. Free from his egg, he climbed out into big, new world. Lost and alone, he wondered where did he really belong? He needed help, but where could he turn? Includes "For Creative Minds" educational section.

Lessons of a Turtle

(The Little Book of Life) *Andrews McMeel Publishing*

Long ago, Sandy Gingras read "The Tortoise and the Hare," a fable that teaches "slow and steady wins the race." But she didn't learn the lesson! Instead she lived the race of hurry-up and do-it-all every day. And it was tiring. But now, Gingras presents readers with a different kind of lesson from a different kind of turtle in the charming book Lessons of a Turtle. And it's a good lesson: Go with the slow! Life is about enjoying what's around you now and finding your own path. It's about the beauty of the journey more than the achievement of the finish line. So be like the turtle . . . notice, savor, bask, risk, grow. Put some life back in your life! Gingras helps readers get through life by using charming "turtlisms" that complement her just-as-cute turtle illustrations. She teaches us about life's little lessons with little treats like, "You can't move forward until you stick your neck out." and "The slower you go, the more you see." The author's little observations make a big difference on the journey through life. This book makes a lovely and inspiring gift.

Turtle Tide

The Ways of Sea Turtles *Astra Publishing House*

A mother turtle swims to shore. She digs a hole in a dune where she lays one hundred eggs. Following her instinct, she covers the eggs with sand and slowly makes her way back to sea. What happens next, from eggs to hatchlings, is one of the most extraordinary occurrences in nature. For the eggs provide food for other animals, and the eggs that survive produce hatchlings that, again, provide food for birds and crabs. Even those hatchlings that make it to the ocean face an uncertain future. Lyrical text and dramatic paintings give young readers an understanding of how turtles give birth and how the young fight for survival in this winner of the Maryland Blue Crab Young Readers' Award.

And Still the Turtle Watched *Puffin*

And Still the Turtle Watched (PB)

Attack of the Turtle *Paw Prints*

It's 1776, and the Revolutionary War is raging. Fourteen-year-old Nathan Wade is a patriot, but he's too young to join the fight. Then his cousin David Bushnell comes to town with a secret. David has designed a water machine that can explode bombs underwater. And his mission is to launch it against the British warships in New York harbor.Nate reluctantly agrees to help David build the weapon of war -- dubbed the American Turtle. Although he's terrified of water and worried about getting caught, when unlikely circumstances put Nate at the center of the action, he must face the murky waters of his fears head-on.Based on actual historical events, this adventure story captures the drama of the first submarine used in naval warfare and the struggles of a teenager overcoming self-doubt.

Shape of the Turtle, The

Myth, Art, and Cosmos in Early China *SUNY Press*

Many Chinese philosophic concepts derive from an ancient cosmology. This work is the first reconstructions of the mythic thought of the Shang Dynasty (ca. 1700- 1100 B.C.) which laid the foundation for later Chinese patterns of thought. Allan regards the myth, cosmology, divination, sacrificial ritual, and art of the Shang as different manifestations of a common religious system and each is examined in turn, building up a coherent and consistent picture. Although primarily concerned with the Shang, this work also describes the manner in which Shang thought was transformed in the later textual tradition.

The Back Of The Turtle *Harper Collins*

This is Thomas King’s first literary novel in 15 years and follows on the success of the award-winning and bestselling The Inconvenient Indian and his beloved Green Grass, Running Water and Truth and Bright Water, both of which continue to be taught in Canadian schools and universities. Green Grass, Running Water is widely considered a contemporary Canadian classic. In The Back of the Turtle, Gabriel returns to Smoke River, the reserve where his mother grew up and to which she returned with Gabriel’s sister. The reserve is deserted after an environmental disaster killed the population, including Gabriel’s family, and the wildlife. Gabriel, a brilliant scientist working for DowSanto, created GreenSweep, and indirectly led to the crisis. Now he has come to see the damage and to kill himself in the sea. But as he prepares to let the water take him, he sees a young girl in the waves. Plunging in, he saves her, and soon is saving others. Who are these people with their long black hair and almond eyes who have fallen from the sky? Filled with brilliant characters, trademark wit, wordplay and a thorough knowledge of native myth and story-telling, this novel is a masterpiece by one of our most important writers.

Ninja Turtles/The Next Mutation

The Way of the Turtle *Random House Books for Young Readers*

The Turtle Always Wins

How to Make Millions in the Stock Market *Shepherds Voice Publications, Inc.*

Turtle in a Tree *Penguin*

A spare and laugh-out-loud-funny picture book about seeing only half the full picture . . . and admitting when you're not quite all the way right. A greyhound swears there's a turtle in the tree. A bulldog says it's a squirrel. After all, a turtle in a tree? Who's ever heard of such a thing? But their argument leads to a most surprising discovery . . . that maybe neither one of them is all the way wrong, or all the way right, and friendship is all about listening to someone else's perspective.

Alfie

(The Turtle That Disappeared) *Abrams*

Nia loves Alfie, her pet turtle. But he’s not very soft, he doesn’t do tricks, and he’s pretty quiet. Sometimes she forgets he’s even there! That is until the night before Nia’s seventh birthday, when nAlfie disappears! Then, in an innovative switch in point of view, we hear Alfie’s side of the story. He didn’t leave Nia—he’s actually searching for the perfect birthday present for his dear friend. Can he find a gift and make it back in time for the big birthday party? From the author-illustrator of Fraidyzoo and The Bear Report comes a warm and funny ode to friendship—even when the friends see the relationship, and the world, very differently.

The Turtle Moves!

Discworld's Story Unauthorized *BenBella Books, Inc.*

After growing from humble beginnings as a Sword & Sorcery parody to more than 30 volumes of wit, wisdom, and whimsy, the Discworld series has become a phenomenon unlike any other. Now, in The Turtle Moves!, Lawrence Watt-Evans presents a story-by-story history of Discworld's evolution as well as essays on Pratchett's place in literary canon, the nature of the Disc itself, and the causes and results of the Discworld phenomenon, all refreshingly free of literary jargon littered with informative footnotes. Part breezy reference guide, part droll commentary, The Turtle Moves! will

enlighten and entertain every Pratchett reader, from the casual browser to the most devout of Discworld's fans.

#### **The Dragon and the Turtle** *WaterBrook Press*

When a young, pirate-playing turtle named Roger becomes lost, a small, bug-eating dragon named Pdraig helps him find his way home. Includes a Bible verse about friendship.

#### **Tilly the Turtle** *The Rosen Publishing Group, Inc*

Tilly the turtle lives in a tank with a pond and big rocks in her best friend Todd's bedroom. Tilly loves to keep warm under her heat lamp! Todd likes to watch her swim and they sometimes play hide and seek together. The fun illustrations and corresponding text will inspire a love of reading in emerging readers and is a perfect foundational book for children who haven't yet started reading. This tale of friendship promotes the proper way young children should care for their pets.

#### **Between the Tides**

#### **In Search of Sea Turtles** *Jacana Media*

A passionate account by an ardent conservationist who records his experiences while undertaking fundamental research, this book details how sea turtles are suddenly struggling to survive, largely because of harm that has been done to the planet's oceans and beaches. Much can be learned about the condition of the planet's environment by looking at sea turtles because they have existed for more than 100 million years and travel throughout the world's oceans. Including descriptions of the life cycles of turtles as well as fascinating facts, this book asks what their demise means for the human species. The remarkable story also highlights the active role South Africa has played in protecting its own sea turtle population and researching the turtle populations in neighboring countries.

#### **Mossy Penguin**

Who will help Mossy return home to Lilypad Pond? Mossy, an amazing turtle with a gorgeous garden growing on her shell, loses her freedom when Dr. Carolina, a biologist, takes her to live in her Edwardian museum. Visitors flock to see Mossy, but it is Dr. Carolina's niece, Tory, who notices how sad Mossy is living in a viewing pavilion. She misses the outdoors and her friend, Scoot. Dr. Carolina finds a way to keep the spirit of Mossy alive at the museum. She invites Flora and Fauna to paint Mossy's portrait. Then she and Tory take Mossy home, where Scoot is waiting for her. Jan Brett fans will pore over the colorful paintings of Lilypad Pond and lush borders displaying wildflowers, ferns, butterflies and birds in contrast to elegant spreads of the museum filled with visitors in stylish Edwardian dress and exquisite borders of shells, rocks, crystals and birds' eggs. MOSSY gives readers a fascinating look at nature in the wild and on display in a natural history museum.

#### **The Box Turtle** *Dial Books*

An irresistibly cute story about finding the confidence to be yourself, starring a turtle in search of the perfect shell. Terrance the turtle was born without a shell, so he uses a cardboard box instead. Terrance loves his box. It keeps him dry on soggy days, safe from snooping strangers, and is big enough to cozy up with a friend. But when another turtle points out that Terrance's shell is, well, weird, he begins to wonder whether there might be a better shell out there... Eventually, and through much trial and error, Terrance learns that there's nothing wrong with being different--especially when it comes to being yourself.

#### **The Turtle of Oman** *Harper Collins*

This accessible, exquisite novel shines with gentle humor and explores themes of moving, family, nature, and immigration. It tells the story of Aref Al-Amri, who must say good-bye to everything and everyone he loves in his hometown of Muscat, Oman, as his family prepares to move to Ann Arbor, Michigan. This is acclaimed poet and National Book Award Finalist Naomi Shihab Nye's first novel set in the Middle East since her acclaimed Habibi. Aref Al-Amri does not want to leave Oman. He does not want to leave his elementary school, his friends, or his beloved grandfather, Siddi. He does not want to live in Ann Arbor, Michigan, where his parents will go to graduate school. His mother is desperate for him to pack his suitcase, but he refuses. Finally, she calls Siddi for help. But rather than pack, Aref and Siddi go on a series of adventures. They visit the camp of a thousand stars deep in the desert, they sleep on Siddi's roof, they fish in the Gulf of Oman and dream about going to India, and they travel to the nature reserve to watch the sea turtles. At each stop, Siddi finds a small stone that he later slips into Aref's suitcase—mementos of home. Naomi Shihab Nye's warmth, attention to detail, and belief in the power of empathy and connection shines from every page. Features black-and-white spot art and decorations by Betsy Peterschmidt.

#### **From Soup to Superstar**

#### **The Story of Sea Turtle Conservation along the Indian Coast** *Harper Collins*

'This extraordinary book sets a new benchmark for science writing in India.' - RAMACHANDRA GUHA Tigers, elephants, lions and other large mammals have so far been central to India's conservation story. In spite of the country's vast coastline and millions being dependent on marine resources for their livelihoods, such species and habitats have been largely neglected in writings on wildlife. From Soup to Superstar provides the first comprehensive account of marine conservation in India, focusing on sea turtles, which are at once a fishery resource, a religious symbol and a conservation icon. Worshipped as Kurma, the incarnation of Vishnu, by several communities, these creatures have been part of folklore and

mythology for over 2,000 years. Until the 1970s, there were large- and small-scale turtle fisheries in Odisha and the Gulf of Mannar, while eggs and meat were consumed along the rest of the coast. Since then, several conservation programmes have been led in these regions by naturalists, scientists, activists and concerned citizens with diverse, often conflicting, approaches. Globally, attention has centred on the mass-nesting beaches in Odisha, where over 1,00,000 turtles may nest simultaneously. New threats have emerged and elicited responses at local, national and international levels. Bringing together a range of issues and actors that have affected the world of sea turtles, filled with fascinating insights into scientific research and human-animal ecologies, this is a definitive chronicle of the efforts that have been made to protect these mysterious creatures in the last fifty years.

#### **The Turtle and the Universe** *Prometheus Books*

The turtle swims slowly, her low, domed shell quietly breaking the dark surface of the placid sea. Overhead, stars sprinkle the sky with their cold light, but the turtle, whose eyes have evolved for the ocean she calls home, could not see the stars even if she looked straight up. No matter, for tonight her attention is elsewhere....In this engaging story of one of nature's most fascinating creatures, science educator Stephen Whitt follows a mother sea turtle on the most difficult and dangerous journey of her life, the journey home to lay her eggs. Along the way he shows young readers how the events of the universe, many of them both far away and long ago, have resulted in a world where a turtle may swim through a salty sea, struggle up a sandy beach, and dig her nest just beyond the reach of the highest tide.The Turtle and the Universe is a story of connection. Through the life and struggles of one female turtle, youngsters learn that the universe is a single thing. Everything within the universe is linked to everything else, by time, by origin, by ultimate fate. In the elements that make up the sea turtle there are shadows of an exploded star from far away and long ago. In the movement of the turtle's flippers is the energy of the fireball that began our universe some thirteen billion years ago. In the sand, in the seawater, in the eggs the turtle lays there are hints of the deep connections shared by all the things, and all the events, that we call the universe.Whitt also reveals how the actions of our own species are altering the world that we and the sea turtle share. He underscores the necessity of using our natural resources wisely to ensure the future of the whole interconnected earth.This elegantly told story captures the many wonders that science discovers in the natural world while teaching children essential facts of astronomy, chemistry, and biology.Stephen Whitt (Columbus, OH) is the director of Experience Programs Teaching and Learning at COSI (Center of Science and Industry), the science museum in Columbus, Ohio. He has published articles in Odyssey, Cricket, Highlights for Children, Yesmag, and Spider, and will soon publish the 2008 edition of Glencoe/McGraw-Hill's high school chemistry text.

#### **Sea Turtle Scientist** *Houghton Mifflin Harcourt*

This compelling addition to the award-winning Scientists in the Field series explores the leatherback sea turtle's remarkable natural history and recounts the extraordinary efforts being made by scientists trying to save them. 15,000 first printing.

#### **The Turtle Warrior** *Penguin*

The Turtle Warrior is the story of the Lucas family, who live in a beautiful and remote part of Wisconsin inhabited by working-class European immigrants and the Ojibwe. By 1967 the Lucas farm has fallen into disrepair, thanks to the hard drinking of John Lucas, who brutalizes his wife and two sons. When the eldest, James, escapes by enlisting to fight in Vietnam, he leaves young Bill alone to protect his mother with only his own will and the spirit of his brother to guide him. Beautifully written and deeply felt, The Turtle Warrior takes readers from the heartland of America to the battlefields of World War II and Vietnam weaving a haunting tale of an unforgettable world where the physical and spiritual, the past and the present, merge.

#### **The Adventures of Timmy the Turtle**

#### **Timmy at the Pond** *AuthorHouse*

Join Timmy the Turtle in his journey as he explores the world outside his pond, and learning the value of his faith. A good read for parents and their toddlers.

#### **Inside the Mind of the Turtles: How the World's Best Traders Master Risk** *Mcgraw-hill*

"I like risk. I embrace risk." -Turtle trader Curtis Faith Risk is scary, to be sure, but it's a fundamental aspect of the investing world. Without it, profit would not exist. The trick is to accept, anticipate, manage, and mitigate risk. In other words, master it. In Way of the Turtle, Curtis Faith revealed the extraordinarily successful trading system of the now-famous group of investors known as the Turtles. Now, in this highly anticipated follow up to that bestseller, Faith delves deeply into the risk-mastery strategies that made the Turtles the envy of the investing world. Inside the Mind of the Turtles provides expert insight into how great traders combat the natural but counterproductive response to risk. Faith begins by examining the nature of risk and the human being's natural response to it. Then he outlines proven techniques for seizing control of it. You will learn how to: Set your main focus on acquiring gains--not avoiding losses Place equal importance on assets already spent and those still on hand Judge the quality of decisions based on their inception rather than their outcome Avoid drawing conclusions using too little information You'll find valuable advice not only from Faith, but from some of the greatest financial minds on the scene today, including fellow Turtle Jerry Parker, venture capitalist Simon Olson, and Howard Lindzon, founder of the popular Web site, "WallStrip." Use their collective advice, and you'll find yourself approaching risk in ways you never dreamed possible. In today's economy, controlling your aversion to risk is not just prudent--it's an absolute necessity. Economic turbulence more often than not leads to poor investment decisions. Inside the Mind of the Turtles will help you conquer the fears that can cripple even the most experienced investors out there.

**Coyote and the Turtle's Dream**

Rain, now a 12-year-old, is visited once again by the eagle, but this time in a dream. As Rain sleeps, Sky Heart, the eagle, sings a song to him that ends with the refrain, 'a boy must help us.' In the song, Sky Heart provides clues about strange vanishings on the Medicine Cave Indian Reservation. Thistle, the rabbit, has suspicions that Coyote is behind the disappearance of fossils from an ancient turtle, the sudden evaporation of water from the reservation's rivers, and the ominous absence of a 7th grader from Thunder Rock Middle School. Searching for the meaning of the dream, Rain seeks the help of Boomer (Thunder Cloud), Simon, and Hummingbird. Unknowingly, the four friends are drawn into the coyote's game and the criminal activities of a dangerous fossil poaching ring. Deep within the gullies of Shell Ridge, an escarpment that borders the bed of an ancient sea, Rain follows Coyote to a mysterious cave where he discovers the origins of the reservation's water and confronts the notorious fossil thief, Vernon Smeed--risking everything to save one that he loves. With his pranks and deceptions, Coyote puts Rain through many tests. The trickster teaches the boy lessons that will last a lifetime, but he, too, learns an important truth--Sky Heart has chosen well. The great bird has entrusted his messages about health and the wisdom of Native knowledge to a remarkable boy whose strength is founded in the steadfastness of friends and love of family.

**The Brown Fairy Book** *Createspace Independent Publishing Platform*  
Lang's fairy books were childhood favorites of Tolkien.

**Stories, Myths, Chants, and Songs of the Kuna Indians** *University of Texas Press*

The Kuna Indians of Panama, probably best known for molas, their colorful appliqué blouses, also have a rich literary tradition of oral stories and performances. One of the largest indigenous groups in the South American tropics, the majority of them (about 70,000) reside in Kuna Yala, a string of island and mainland villages stretching along the Caribbean coast. It is here that Joel Sherzer lived among them, photographing and recording their verbal performances, which he feels are representative of the beauty, complexity, and diversity of the oral literary traditions of the indigenous peoples of Latin America. This book is organized into three types of texts: humorous and moralistic stories; myths and magical chants; and women's songs. While quite different from one another, they share features characteristic of Kuna literature as a whole, including appreciation of their environment and a remarkable knowledge of their plants and animals; a belief in spirits as an important component of their world in curing, magic, and aesthetics; and, especially, great humor and a sense of play. Vividly illustrated by a Kuna artist and accompanied by photographs that lend a sense of being present at the performances, the texts provide readers with a unique aesthetic perspective on this rich culture while preserving an endangered and valuable indigenous oral tradition.

**The Adventure of Thomas the Turtle**

**Trend Following**

**Learn to Make Millions in Up Or Down Markets** *FT Press*

SUPERANNO In this fully updated edition, trend following expert Michael Covel introduces the traders and fund managers who have been using this strategy for decades, adding brand-new profiles such as David Harding, who manages \$10 billion plus dollars through his London-based trend following firm. Then, Covel walks you through all the concepts and techniques you need to use trend following yourself. One step at a time, one simple chart at a time, you'll learn how to understand price movements well enough to profit from them consistently--in any market. Original.

**The Boy on the Back of the Turtle**

**Seeking God, Quince Marmalade and the Fabled Albatross on Darwin's Islands**

As he cruises the Galapagos Islands in the company of his daughter, aged seven, and his father, aged seventy-three, Paul Quarrington ponders questions great and small. Equal parts memoir, travel book and good old-fashioned yarn, The Boy on the Back of the Turtle is a funny, poignant look at the mysteries of our universe.

**Tucker the Turtle Takes Time to Tuck and Think**

**Turtle in Paradise** *Yearling Books*

From a two-time Newbery Honor author. In 1935, when her mother gets a job housekeeping for a woman who does not like children, 11-year-old Turtle is sent to stay with relatives she has never met in far away Key West, Florida.

**The Turtle Boy**

*Elderlemon Press*

Winner of the Bram Stoker Award, and the first book in the Timmy Quinn series. School is out and summer has begun. For eleven year old Timmy Quinn and his best friend Pete Marshall, the dreary town of Delaware Ohio becomes a place of magic, hidden treasure and discovery. But on the day they encounter a strange young boy sitting on the bank of Myers Pond a pond playground rumor says may hide turtles the size of Buicks everything changes. For it soon becomes apparent that dark secrets abound in the little community, secrets which come cupped in the hands of the dead, and in a heartbeat, Timmy and Pete's summer of wonder becomes a season of terror, betrayal and murder. "The Turtle Boy is a fine example of the Dark American Pastoral--not the heart of darkness, a dead end of absolute despair, but a more shadowy realm that is equally troubling for its mingling of the sad and the sinister, of dreams and the things that kill dreams." - Thomas Ligotti, author of MY WORK IS NOT YET DONE and TEATRO GROTTESCO "Kealan Patrick Burke's 'The Turtle Boy' is a tale of dark secrets that combines skillfully etched characters with rich, evocative prose to create a haunting depiction of relationships shredded by violence and the supernatural. A highly memorable and disquieting work." - Chet Williamson, author of SECOND CHANCE and ASH WEDNESDAY "Strange and out-of-kilter, a cold breeze come from nowhere on a sultry day; The Turtle Boy is a tale that takes your hand and leads you to a creepy, unforgiving place, a place you can never leave." - Michael Marshall, author of THE STRAW MEN & BAD THINGS free, free ebook, free horror, ghost story, coming of age, supernatural

**The Turtle of Michigan**

**A Novel** *HarperCollins*

The stand-alone companion to National Book Award Finalist and beloved poet Naomi Shihab Nye’s The Turtle of Oman. The Turtle of Michigan is a deft and accessible novel that follows a young boy named Aref as he travels from Muscat, Oman, to Ann Arbor, Michigan, and adjusts to a new life and a new school in the United States. A wonderful pick for young middle grade readers and fans of Other Words for Home and Billy Miller Makes a Wish. Aref is excited for his journey to reunite with his father in Ann Arbor, Michigan. Aref makes a friend on an airplane, wonders what Michigan will be like, and starts school in the United States. While he does miss his grandfather, his Sidi, Aref knows that his home in Oman will always be waiting for him. Award-winning author Naomi Shihab Nye’s highly anticipated sequel to The Turtle of Oman explores immigration, family, and what it means to feel at home. Carrying a suitcase and memories of Oman, Aref experiences the excitement and nervousness that accompanies moving to a new home. The Turtle of Michigan is a great choice for reading aloud and a must-have for younger middle grade readers. Illustrated in black-and-white throughout.

**How the Turtle Got Its Shell** *Golden Books*

Three tales from various sources explain how the turtle got its shell, and includes facts about turtles and their habits and appearance.
