For many years, I maintained a B200 owned by a family business that had used the same pilot for ages. He was ex-airline and a decent stick, but every time he picked up the King Air after maintenance, he pulled the door shut, started the engines, and took off – he didn't even check the oil! This boggled my mind. I've seen a lot of pre-flight routines, but this was no pre-flight at all ...
