Here's my review of the Yamaha P70 digital piano. If you're just starting out on the keyboard and you want to give yourself a good start with a keyboard that comes with weighted keys, then the Yamaha P 70 might be a good choice. This digital piano costs just about 600 bucks so that is not too bad. It is also very portable (weighs 28-1/2 lbs) so you can carry it with you easily.

After having tried the main contenders from other established brands in the sub £500 price range (Korg, Roland, Casio and M-Audio) I can say that the P70 is the outstanding option amongst its rivals. The two piano sounds are excellent (as are a number of the other banked voices) and the weighted keys are very convincing.
