### Student cultural diversity : understanding and meeting the ...

Cultural diversity in the classroom is on the rise. In 2014, U.S. public schools hit a minority majority milestone with Latino, African-American, and Asian students having surpassed the number of white students. In 2044, the U.S. Census predicts that over half of the nation's population will be people of color, so this trend will likely continue. In our increasingly diverse and multicultural society, it's more important than ever for teachers to incorporate culturally responsive ...

### **How cultural differences may affect student performance ...**

Understanding culture. Our students identify with multiple cultural identities and ancestries. Culture can impact our perspectives, behaviour, how we interact in the world and our personal identities. "I'm Aboriginal and Croatian." "I'm Anglo Saxon and Australian." "My mum is Chinese and Indian and my dad is Scottish, Sri Lankan, Portuguese and Indian.

### **Culture and diversity - Department of Education**

Description. Student development and student diversity need to be studied and understood simultaneously. While there are general similarities between students, ultimately every student develops in a different way depending on a variety of social, cognitive, cultural and gender-related factors.

### **Understanding Student Development and Diversity - Alison**

By talking about cultural similarities and differences – and rejecting stereotypes – we help our students understand that the world is an extremely diverse and exciting place. In turn, this will encourage them to be more understanding and tolerant of others in the classroom, helping them to thrive in the future, if they

enter an international working environment.

### **5 ways to bring cultural diversity into your classroom**

Cultural diversity as an issue wasn't even on the radar of most private school communities until the 1990s. To be sure, there were exceptions, but for the most part, diversity was not at the top of the list of priorities back then. Now you can see genuine progress in this area. The best evidence that progress has been made is that diversity in all its forms is now on the list of other issues and challenges facing most private schools.
