The Museum Visitor Experience in the Digital Age - Part II

Museums In A Digital Age

Museums in the Digital Age: Changing Meanings of Place, Community, and Culture showcases how the use of technology in museums should be understood as factors directly related to the museums' notion of community, local culture, and place, whether these places are in mid-America, urban metropolises, or ethnically diverse and underserved communities.

Museums in the Digital Age: Changing Meanings of Place ...

With museum objects and collections still at the core of what they

fundamentally stand for, the digital age will continue and museums will both embrace and also wait and watch developments. In the next ten years, museums will see significant change as they are greatly affected by external influences including society culture, funding.

Museums in the Digital Age: Changing Meanings of Place ...

Museums as media companies? It may seem like a bit of a stretch, but as museums reposition themselves for our new digital age they are becoming more than physical places to visit. Like never before, museums are throwing open their digital doors to a wider audience and giving virtual visitors a behind-the-scenes look at their work and the stories surrounding the objects in their collections.

How Museums are Embracing the Digital Age

The idea of this museum for a digital age won't appeal to everyone, and I think that highlights another exciting opportunity that technology provides. Today a museum creates one experience for all it's audiences, but in our reimagined institution, every visitor could have an experience tailored for them.

Museum Object Lessons for the Digital

Age explores the nature of digital objects in museums, asking us to question our assumptions about the material, social and political foundations of digital practices. Through four wide-ranging chapters, each focused on a single object – a box, pen, effigy and cloak – this short, accessible book explores the legacies of earlier museum practices of collection, older forms of media (from dioramas to photography), and theories of how knowledge is ...
