Improving Education for English Learners: Research Based ...

This shared effort starts with a schoolwide vision for how to improve educational outcomes among ELs. Educators should set high expectations and prioritize evidence-based instructional strategies. They should also make it clear that the academic performance of ELs is a priority in their school.

How Can We Improve Learning for English Learners? | EDC

Involve the family. If students don't practice English out of school as well, such as at home with family members,

language development will be low or even regressive. Also, encourage students to use English outside of the classroom and when texting, emailing and using social media. Provide opportunities for success.

This data story builds on previous data stories, which examine the characteristics and educational experiences of English learners (ELs). In this data story we go a step

further to explore the academic performance and outcomes for ELs on two key indicators: (1) their proficiency on a national exam, and (2) their high school graduation rate.

**Academic
Performance and
Outcomes for
English Learners**

Between the 2009–10 and 2014–15 school years, the percentage of EL students increased in more than half of the states, with increases of over 40 percent in five states. 1 Under the Every Student Succeeds Act, states must annually assess the English language proficiency of ELs, provide reasonable accommodations for them on state assessments, and develop new

accountability systems that include long-term goals and measures of progress for ELs.

Our Nation's English Learners - US Department of Education

English Learners. There are many programs and services to help students who do not speak, read, write or understand English well as a result of English not being their home language. The overall goal of the various programs is to improve the English language skills of English Learner students, Immigrant students, Migratory students and provide information to their parents about services available.
