1999 Yamaha Exciter - boats - by owner - marine sale
There is no such thing as an Exciter 175. There is a 135, 220, 270. If it is indeed a Yamaha then it is the 135, that is the single engine. You would really be better off finding a twin engine if you like speed at all. To run on 1 engine you would need to clamp off the water intake to the other engine or you could flood it. _____
