The work culture gives an identity to the organization. In other words, an organization is known by its culture. The organization culture brings

all the employees on a common platform. The ...

Importance of Organization Culture

One popular organizational concept is based on the fundamental principle that employees can work more efficiently if they're allowed to specialize. Work specialization, sometimes called division of labor, is the degree to which organizational tasks are divided into separate jobs. Employees within each department perform only the tasks related to their specialized function.

Concepts of Organizing

“A process in which a large company or organization changes its working methods or aims, for example in order to develop and deal with new situations or markets.” Many people would disagree with Cambridge Dictionary’s description. They say the definition should not limit organizational change just to something that happens in large companies.

What is organizational change? Definition and examples

Organizational behavior is the study of how people interact within groups. Its principles are used in attempts to make businesses operate more effectively.
