Of Teaching And Learning In

What is teaching and learning? Teaching is about using various activities to help learners gain the skills and understanding they need for a particular reason e.g. to gain a qualification or to perform a particular job role. You will teach, and your learners will learn. Learning is about gaining and using new knowledge to demonstrate a change. This change might relate to the performance of a skill, the demonstration of understanding and/or a change in behaviour and attitudes.

Teaching and learning - Ann Gravells Ltd (UK)

Teaching and learning is a process that includes many variables. These variables interact as learners work toward their goals and incorporate new knowledge, behaviours, and skills that add to their range of learning experiences.

Teaching and Learning — Vikaspedia

There's a good case to be made that better teaching and learning is best achieved by departments. Some things can only be solved at a whole-school level, such as behaviour; others, like lesson planning, can perhaps best be addressed by individual teachers. But it is the department which influences teaching and learning most (Aubrey-Hopkins and James, 2002); it is departments which become the focus for improvement as a school improves (Chapman, 2004).
