Wound Assessment Documentation For Nurses

Wound measurement, assessment and documentation should be easy to use and perform, and not be a burden to care providers. Whatever the technique

or technology it needs to be readily accessible, minimize inter-observer subjectivity, account for anatomical variations, and allow for quick, reliable and precise calculations of the wound area, used for sequential wound assessment and documentation.

Wound Measurement, Assessment and Documentation - Swift

A wound assessment should cite any indicators of infection, including redness or localized pain. Pain: A comprehensive wound assessment describes a patient's pain in detail, noting its location and intensity as well as any patterns and variations in pain type. Common pain descriptors include throbbing, stabbing, burning, pulsing, pounding, pricking, hot, tingling, stinging, cramping, beating,

gnawing, dull, tight, squeezing, piercing, and electrical.

Wound Care: The Basics

Wound Classification and Assessment
OASIS documents stasis ulcers, pressure ulcers, and surgical wounds; however, home care nurses provide integrated assessment and documentation of all wounds (Baranoski & Thimsen, 2003).

Assessing the Patient With a Wound as the Basis for Home ...

Nursing documentation, such as patient care documents, assessments of processes, and outcome measures across organizational settings, serve to monitor performance of health care

practitioners' and the health care facility's compliance with standards governing the profession and provision of health care. Such documentation is used to determine what credentials will be granted to health care practitioners within the organization.

ANA's Principles for Nursing Documentation

Consistency in Wound Documentation is Key Communication is how we as the health care team stay informed about the patient's changing condition. Therefore, it becomes absolutely necessary that within our practice setting we review what our other team members are documenting and ensure that all documentation be consistent among disciplines.
