dads got dementia life after diagnosis - thopado.s3rcn.org

It is important for caregivers to know when an individual with dementia is close to the end of their life, because it helps ensure

they receive the right amount of care at the right time. It can be difficult to know exactly when this time is due to the variable nature of dementia's progression, but understanding common end-of-life symptoms of seniors with dementia can help.

Signs of Dying in the Elderly with Dementia: End-Stage

To this day, 10 months after his death, I am still trying to sort it out. My dad first showed signs of dementia as early as 2008, though I was the only one who noticed something was wrong. A sharp-as-a-tack lawyer, who also held Ph.D. in chemical engineering, my father was not someone who was easily mixed up.
