In 1879, Royal Institute

of British Architects for construction projects created RIBA forms which lead to the Joint Contracts Tribunal, JCT forms. For civil engineering the need for a formalized approach to contracts led the Institution of Civil Engineers to produce the ICE formalized set of conditions of contract. In 1986, the ICE commissioned the development of a new form of contract as it was felt that there was a need for a form that had clearer language, clearer allocation of ...
