The Search for Hidden, Sacred Knowledge *Ozark Mountain Publishing*

Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

The Search for Hidden, Sacred Knowledge

Cannon focuses on the secret knowledge that has been passed from generation to generation after the Extraterrestrials left earth. For centuries, ET wisdom has been protected by the few who belonged to the secret. Wars have been fought and terrible injustices have been committed in attempts to gain access to this knowledge. Now it is no longer reserved strictly for oracles in temples-- it is returning to our time and is now available for all to learn.

Summary of Dolores Cannon's The Search for Hidden, Sacred Knowledge *Everest Media LLC*

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The extraterrestrials developed life on Earth. They lived with the savages and taught them basic skills so they would be able to survive and develop a civilization. They did not die until they wanted to, so they were treated as gods. #2 The building of temples and stone circles was a marker for the passing of the seasons and the positions of certain important stars and planets. The courses were plotted in relation to the lintels and stones. This was a highly advanced science by the time of Atlantis. #3 The Egyptians used the stars and the planets to track their seasons, and this developed into a more sophisticated system of astronomy. The structures were also visible from space, and served as markers for spaceships orbiting the planet. #4 There were many different types of people in the temple, some of whom were angry because they didn't want to be there. They said they were from neighboring galaxies, or neighboring stars.

Among the Little Sisters of Selene is 12-year-old Aurora, respected Scribe of the church. She endlessly writes down the name of the moon to keep her in the sky where she belongs. But Aurora has a secret book she keeps hidden in her Scribe's chamber and into this diary she pours out her hopes and desires. Upsetting this fragile equilibrium is Willa, a young tomboy whose flamboyant arrival threatens the hard-won status quo of the sisters' community. As Aurora and Willa inch toward friendship, insurrection grows. But when an unexpected marvel occurs in the sky, it is clear that Aurora's work as the Scribe has failed. The Unique Technique *Createspace Independent Publishing Platform*

I am an optometrist. I owned a very traditional medical, white coat practice in Pittsburgh, Pennsylvania near the University of Pittsburgh for 10 years. I became bored and uninspired in this vanilla business environment and sterile space. Feeling restless, I sold my practice and began the search for a new place to start a fresh concept in optometry. I found Frederick, Maryland, which is a historic, walkable little city that tops the triangle with DC and Baltimore. I relocated to a new town, in a new state with a brand new practice - Unique Optique. I was an outsider and a transplant, trying to win Frederick's trust and convince the residents of this town to come to my practice to spend money on high-end glasses. To accomplish this feat, I decided that I needed to show our authenticity, exude genuine sincerity, and smile through adversity. I embraced my flaws; I was vulnerable and real. I used social media, in-house events and the decor of the office to display the business's personality. People instantly related to the practice. They saw that I was not perfect, but I was earnest and that I truly cared. I was proud of my venture. Unique Optique's reviews were stellar and real. The practice grew steadily and by the end of the first year, I was recognized as the Start Up Entrepreneur of Frederick County. Soon, I had requests from business owners and entrepreneurs to come and visit the practice and discuss our unique image strategies. People wanted this quality for their own businesses. I realized that I had helpful and valuable information and put my techniques down on paper. While developing my brand and marketing my business, I have made mistakes, learned from them, and attempted to fix them. I have worked through adversity and difficulties. In the end, I cultivated a brand to which people could relate. This is my experience. I hope it helps you find your Unique Technique."

A Search in Secret India

A Search in Secret India is the story of Paul Brunton's journey around India, living among yogis, mystics and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and the inward quest are not exclusively for monks and hermits, but will also support those living normal, active lives in the Western world.
