Dean Koontz has not just written another excellent novel. In my opinion he has outdone himself with Watchers. Will he ever be able to outstrip or even match

what I think is his best ever work? We will have to wait and see. If you have never read any of his books I seriously urge you to read *Watchers*.

Dean Koontz wrote a black character jiving about the pains of being a brother, like an awkward tactless tonedead centre dem larping as a black cop hunting baboon bigfoot. Basically I'm disappointed I don't have the paperback because at least I could clean myself after passing faeces. there could be some kind of redemption for the text in that scenario. but not now *Watchers* made me more stupid.
