The Healing Power of Singing - The New York Times

Using the human voice and objects that resonate to stimulate healing (think tuning forks and singing bowls), sound therapy is one of a growing number of subtle-energy therapies that make up the field of vibrational medicine. According to the law of physics, everything vibrates: the chair you're sitting in, the food you eat, the rocks and trees.

The Healing Power of Sound - Experience Life

Dr. Emoto concluded that any sound is vibration, and vibrations such as music and other positive sounds including the human voice can be a form of healing energy. His research also showed that thoughts emit vibrations at frequencies we can't yet precisely determine, and that they too have the power to heal.
